

# CRANE & RIGGING

Skyward Specialty Construction offers comprehensive and competitive casualty insurance coverages for the crane market, backed by dedicated underwriting, claims and risk management teams to deliver top-tier services. We write through our “A” rated insurance carriers, providing both admitted and non-admitted solutions. Additionally, we partner with an exclusive network of retail agency partners and wholesale brokers who are experts in the crane market nationwide.

Our Construction team targets crane, rigging, millwright, and construction equipment rental and dealer operations of all sizes. We offer all program structures, from guaranteed cost to low/high deductible plans, along with our Group Captive product in partnership with captive consultant eMaxx.

## PROGRAM HIGHLIGHTS

- General Liability: Riggers Liability via our “Care, Custody, or Control Endorsement” OR “On-Hook Endorsement”; “Per Project Aggregate” (\$5M Aggregate CAP). Low minimum premium.
- General Liability or Automobile: Mobile cranes covered as per state requirements or client request.
- Excess: True follow form Excess Liability with capability to follow form Riggers Liability.
- Specialized crane underwriting teams and claims professionals, offering construction-focused risk control services and crane contract support through industry experts.
- Unlike our MGU/MGA market competitors, Skyward Specialty is a direct carrier market offering full commissions. Our underwriting team has the direct authority to resolve your matters quickly without extra risk management fees on top of premiums.
- Policyholders benefit from our available billing plans with NO finance charges, saving them significant finance costs.

## COVERAGE AND LIMITS

- Commercial General Liability and Automobile.
- Workers Compensation & Employers Liability (if payroll is “crane operator” driven).
- Excess Liability: Capacity up to \$5M (in most states).
- Property and Inland Marine: No coastal wind or high-risk flood and earthquake zone exposures.

## TARGET CLASSES

- Primary Operations:
  - Crane rental with/without operator, rigging and millwright
  - Equipment dealers and rental operations
- Operations including specialized hauling and warehousing (up to 25% of total sales) if associated with the Primary Operations noted above.
- Additional Target Classes: Operations using cranes, such as steel erection and floor/tilt-up panel erection contractors.
- Tower crane and “for-hire” trucking exposures are available if incidental but are exception basis only.
